

Dental PPO Plan

Choose from three dental plans offered through MetLife. Plans include robust benefits covering most dental procedures. Not only are the plans flexible with no waiting periods, the MetLife dental network includes thousands of providers nationwide, so finding the right dentist is easy.

Plan Features

- Provides benefits for a broad range of covered services/procedures
- Offers member flexibility to choose in- or out-of-network providers
- Offers expansive network of dental providers, with more savings when staying in-network
- No paperwork for in- or out-of-network dentists who submit your claims
- Convenient service via secure member website
- Preventive care is often covered 100% in-network

This benefits guide is intended to provide a brief description of benefits and subject to change. Please refer to the Summary of Benefits for each plan for a complete description of coverage and list of exclusions, limitations, terms and conditions.

Dental DHMO Plan (California Only)

By covering many diagnostic and preventive services at no cost or with very low copayments, the DeltaCare HMO plan encourages regular preventive dental visits. At time of enrollment, members select a DeltaCare USA dentist to provide most covered services.
